**DECLARATION OF COMMITMENT OF FUNDACIÓ PARC TAULÍ TO THE PRINCIPLES OF THE
"EUROPEAN CHARTER FOR RESEARCHERS" AND THE "CODE OF CONDUCT FOR THE
RECRUITMENT OF RESEARCHERS"**

Corporació Sanitària Parc Taulí (CSPT) is a public health care entity which comprises six centres, three of which have their own juridical character. The Fundació Parc Taulí (FPT) is the entity created within the CSPT in charge of the promotion and management of biomedical teaching, training, and research by healthcare professionals. FPT-CSPT has been recognized as a University Institute affiliated to the Autonomous University of Barcelona (UAB) and has become a reference in Spain for Health Innovation and transference.

The FPT welcomes and supports the Recommendation of the European Commission 2005/205/EC on the "European Charter for Researchers" and the "Code of Conduct for the Recruitments of Researchers" (hereinafter referred to as the Charter and the Code).

FPT is fully in line with the efforts of the European Commission directed towards making the careers of researchers more attractive and transparent, and to fostering international cooperation in research and mobility of researchers. By endorsing the Charter and the Code, FPT recognizes the importance of the underlying principles and commits itself to implement them in its Human Resources Policy and management with the aim of guarantying transparency, accessibility and equity for the recruitment of researchers.

By adhering to this recommendation, FPT both contributes to creating an adequate framework for the researchers and to the development of the European Research Area.
