Declaration of support for the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers

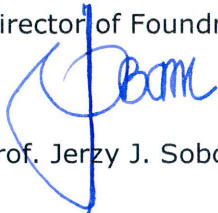

Foundry Research Institute fully declares the support for the Recommendation of the European Commission 2005/251/EC on "The European Charter for Researchers" and "The Code of Conduct for the Recruitment of Researchers" (hereinafter called The Charter and The Code).

By supporting the Charter and the Code FRI strongly accepts the value of those principles and provides a voluntary commitment to apply them.

The implemented principles of the Charter and the Code are relevant factors for FRI policy, that is focused to explore Institute's attractiveness to researchers by providing them a favourable working conditions and environment, as well as to enhance the quality of research and innovation followed by increased international mobility.

By implementing the Charter and the Code FRI intends to foster international collaboration and contribute to the development of an open and attractive European labor market for researchers.
